## Review of the Rules

1. All contestants are placed into groups of three which correspond to the three lanes.
2. In each round, each contestant throws three axes.
3. A contestant is awarded one point for each axe that sticks in the target. Axes that are knocked loose and fall from the target receive no points. If one axe damages another axe, two points are deducted.
4. In the lane with three small clustered targets, each axe must stick in a different target for full points. If two axes are in one target, only one point is awarded.
5. At the end of six rounds, a total of 18 points can be accumulated. The top five contestants move to a play-off.
6. In the play-off, a finalist is eliminated by having the lowest score of that round compared to the other finalists. Points accumulated in the six rounds do not count except for tie after five rounds of play-off. The contestant with the most points at the end of five rounds is awarded 1<sup>st</sup> place.

## Ratings

<u>Rating</u>	<u>Name</u>	<u>Minimum Points</u>	<u>Finish Place</u>	<u>Minimum Competitors</u>	<u>Rated thrower competing?</u>	<u>Notes</u>
AA	Champion	15 points	1st place	20	At least 1 A, or 2 B, or 3 C	1
A	Hero	15 points	2nd place	20	At least 1 prior B or 2 prior C rated	
B	Patriot	15 points	3rd place	20	At least 1 prior C rated

E	Beginner	5 points	N/A	10	N/A	
NR	Non-rated	fewer than 5 points	N/A	N/A	N/A	

Note 1: If you make it to the play off but don't have 15 points, the highest award is A rating (Hero).

## Explanation

1. “Master of the Axe” or “Mistress of the Axe” is a title, not a rating. The title is valid for only one year. To retain the title, the competitor must win the following year.
2. Ratings are valid for two years after the date awarded.
3. To receive a rating, a full game must be played in which there are 6 rounds of 3 potential points each for a total potential of 18 points. A play-off is required to receive the ratings of AA, A, B, and C. No play-off is required for ratings of D, E, and NR.
4. A thrower must meet the requirements of each criterion. For example, to receive a ranking of AA,
  - a. A thrower must accumulate at least 15 points out 18;
  - b. Finish in first place based on a play-off;
  - c. There must be at least 20 competitors in the competition; and
  - d. There must be at least 1 A-rated competitor, or 2 B-rated competitors, or 3 C-rated competitors, or 1 B-rated and 2 C-rated competitors.
